

MEMORANDUM

TO: Todd Renshaw, Chief of Police

FROM: Penny Mince, Lieutenant

SUBJECT: City Council Agenda Request

DATE: October 1, 2008

During the last legislation the junked and abandoned vehicle laws were revised, to be effective January 2008. We have not updated these revisions therefore I am submitting the following:

Memorandum to Mayor and City Council
City of Frisco Agenda Request Form
Original Amended Ordinance signed by the city attorney's office
Copy of same
Copy of existing ordinance with changes in bold

The changes in this law were in definitions, clarification of the notification, increase in fees and days of compliance for abating nuisances. One other change was cosmetic, merely adding the source.

If you approve then we are ready to forward the enclosed package. If you have any questions please let me know. If you approve and forward the package I will need to complete one last task, send an electronic version of the completed amendment to the city secretary's office for publication purposes (required procedure).
